Elizabeth Louise Baker

July 10, 1934 - August 26, 2004

It hardly seems possible that it was only three months ago that we walked vigorously along the Irish Coast, and you "grasped my palm" to protect me from the dangers of the Fairies' Bridge. Then we strolled hand in hand, watched the sun set into the sea, and marveled at God's handiwork. Now I look forward to the day when we walk hand in hand again, in a place even more beautiful than the coast of Ireland.

Au revoir, my love

Blessing

Elizabeth Louise Scott (Betty) was born on July 10, 1934 in King Township.

Growing up on a farm as one of twelve children, Betty developed a lifelong love of family and an appreciation for hard work. These values were visible throughout her life, especially in the joy and dedication that she showed in coordinating so many family events and gatherings. Her extensive family was a major focus, and the time spent with her many relatives brought her much happiness and comfort during her illness and throughout her life.

Betty graduated from Aurora District High School and Toronto Teachers College, and later taught at the North York and Waterloo County Boards of Education. She made many true friends during these years and was proud to have some of these friendships continue for over five decades.

In 1958, Betty married Bill Baker. They shared many joys and challenges, including raising three children, in their wonderful years together. During this time, they lived in several places in Ontario and the United States. Wherever she was, Betty played an active role in church and community life. Combining her passions for golf and travel, Betty and Bill played golf together in thirty seven states and nine provinces.

Betty passed away on August 26, 2004 after a brave battle with cancer.
